

# WINFIELD™ AirCover™

## Nonionic Organosilicone Surfactant

AirCover™ is a unique nonionic organosilicone wetting agent which is highly effective with herbicides, insecticides, fungicides and foliar applied nutrients. AirCover™'s organosilicone chemistry allows for superior wetting and absorption of herbicides, insecticides, and fungicides into plant leaves, plant stems and insects.

### Principal Functioning Agents:

Proprietary blend of polyalkyleneoxide modified polydimethylsiloxane, nonionic surfactants .....	99%
Constituents ineffective as an adjuvant .....	1%
Total .....	100%

\*All ingredients are exempt from tolerance under 40 CFR 180.

**KEEP OUT OF REACH OF CHILDREN**

## CAUTION/PRECAUTION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.  
(If you do not understand the label, find someone to explain it to you in detail.)

### FIRST AID

**If Swallowed:** Get medical attention immediately. Never give anything by mouth to an unconscious person.

**If in Eyes:** Flush with water for 15 minutes. Get medical attention.

**If on Skin:** Remove contaminated clothing. Wash with soap and water.

**If Inhaled:** Remove person to fresh air.

### PRECAUTIONARY STATEMENTS

#### Hazards to Humans and Domestic Animals

Avoid breathing spray mist. Harmful if swallowed, inhaled or absorbed through skin. May cause irritation. Avoid contact with eyes. See First Aid and Storage and Disposal sections for additional cautions.

### DIRECTIONS FOR USE:

#### READ ENTIRE LABEL BEFORE USING

AirCover™ may be used with most pesticides and fertilizer products as directed on this label. Observe initial application to insure thorough coverage without excessive runoff of the spray.

AirCover™ effectively improves coverage and distribution of spray droplets when applied as directed, with pesticides and/or fertilizers, to tree and vine crops (fruit and nut), turf, greens and tees, ornamentals, trees, exterior pests and other non-crop areas.

**NOTE:** The application rates on this label are based on pesticide labels which recommend the use of a non-ionic surfactant. Rates of this product may be increased or decreased. For optimum results, follow pesticide labeling for proper recommendations. Before using AirCover™ where a non-ionic surfactant may not be recommended, the user or applicator advisor must have experience with the combination or must have conducted a phytotoxicity trial.

Net Contents

1/0416/3

APPLICATION	RATE PER 100 GALLONS
Ground	6 – 64 ounces
Aerial	12 – 32 ounces
Aquatic	8 – 32 ounces
General Wetter/Spreader	6 – 16 ounces

**Basal Bark Treatment:** AirCover will aid the penetration of insecticides, fungicides, herbicides, fertilizers, and other products through bark. Use 0.64 to 1.28 fl. oz. per gallon or 0.5 to 1% v/v. Consult pesticide labels for specific use rates based on pesticide.

**Mixing:**

Prior to pesticide application, clean mixing and application equipment according to pesticide label directions. -If foaming is anticipated an anti-foaming agent such as Fast Break® should be added before pesticides, nutrients, or AirCover™.

Add pesticides and/or fertilizers as directed by label or in the following sequence:

- A. Micronutrients and fertilizers
- B. Dry flowables and dispersible granules
- C. Flowables
- D. Water soluble pesticides
- E. Emulsifiable concentrates

**Spray coverage and drift control:**

To optimize spray coverage or deposition, and to reduce drift, include Droplex® adjuvant.

**Storage and Disposal:**

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in original container and keep container tightly closed when not in use. Keep away from heat, sparks and flames. PROTECT FROM FREEZING. SHAKE WELL BEFORE USE.

Container Disposal: Do not reuse container. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the web page at [www.acrecycle.org](http://www.acrecycle.org).

Triple rinse (or equivalent) and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration, or if allowed by state and local authorities, by burning. If burned stay out of smoke.

**Notice of Warranty**

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
