

## Directions:

Fill jar ½ full with water. Remove cap from lure and drop into liquid. Knot one end of hanger and slide through hole in lid. Secure lid to trap and hang trap securely or set on ground away from active nests.

PLACE OUT OF REACH OF CHILDREN AND PETS.

Wash trap and replace lure when full or every 2 weeks. Use a new lure each time. Do not place trap in dishwasher.

## Optional Directions:

Add apple or pomegranate juice instead of water. Add 2 drops of liquid dish soap.

AVOID USING CITRUS JUICES OR CITRUS SCENTED SOAP.

Add a dime size portion of bait such as tuna fish, hamburger or cat food.
