# Scotts®Handy Green II
Hand-Held Broadcast Spreader

The Scotts® Advantage:
- Holds up to 4,000 sq. ft. of Scotts® Lawn Products (fertilizer, seed, granulars)
- Ergonomically designed, reduces wrist fatigue

Spreader Details:

Ergonomic Wrist Rest

Rustproof Hopper

Rate Adjuster (to set spreader)

On/Off Trigger Control

Crank

Rotary Spreader Disk

Agitator
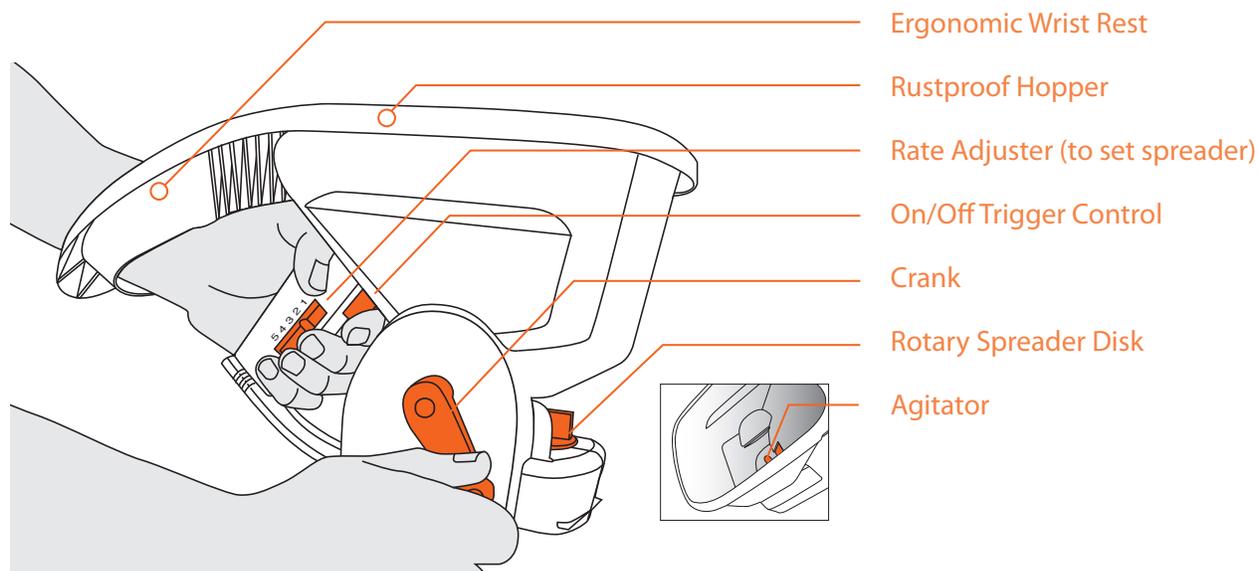

Quick Start Instructions:

1. Fill hopper with Scotts® Turf Builder® product
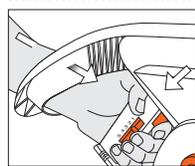

2. Reach hand through ergonomic wrist rest to grasp trigger.
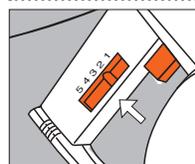

3. Adjust orange rate adjuster to correct setting based on the product being applied. (See chart at right)

4. To apply product, begin walking at a steady pace, then squeeze and hold trigger with left hand while turning crank with right.

5. When finished, sweep any stray particles from hard surfaces back onto lawn area.

Directions For Use

SPREADER SETTINGS		
Seed	**1**	Light
	2	
Fertilizer	**3**	**Moderate**
	4	
Ice Melt	**5**	**Heavy**

To increase application rate, adjust spreader setting to a higher number.

Application rates may vary depending on crank and walking speed.

Scotts® Handy Green II Hand-Held Broadcast Spreader

## Application Tips

For Rectangular Lawns:
Apply two header strips across each end for a turning area. Then apply back and forth in the longest direction.
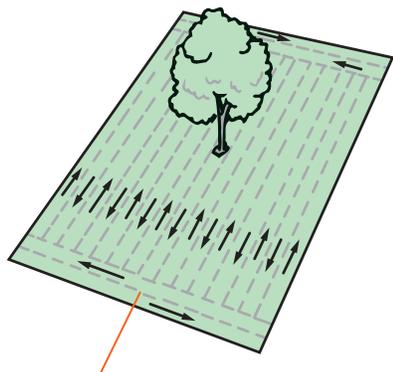

Header Strip

### For Irregular-Shaped Lawns:
Apply one header strip around the entire lawn for a turning area, then apply back and forth.
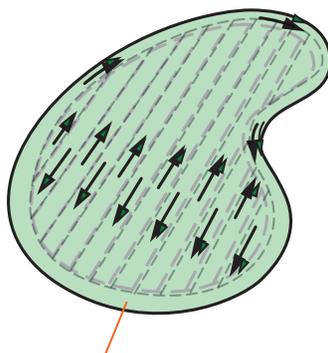

Header Strip

Spreader Overlap:
To avoid streaks or misses, overlap spreader patterns approximately 1-1/2 feet (50cm). Do not leave spreader open when making turns.

TAPERED OVERLAP
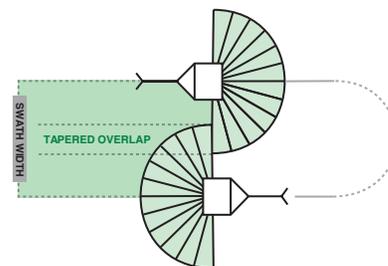

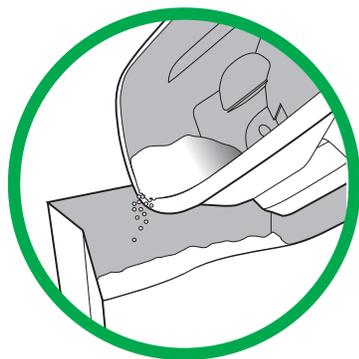

Clean Up

Never leave unused product in the spreader. Pour leftover material back into the package and seal the package tightly.

Clean up any overage on hard surfaces. If product lands on any hard surface such as a driveway, sidewalk, or road, sweep the product back onto the lawn to keep it from being washed into the storm sewers and ultimately surface waters.

Clean spreader after use to maintain proper operation. Perform cleaning over lawn. Do not allow product and /or rinse water to enter storm drains or sewers.
