

EcoPCO® JET

WASP / YELLOW JACKET CONTACT INSECTICIDE

EcoPCO® JET is a specifically formulated jet aerosol for the professional pest control operator.

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

SHAKE WELL BEFORE USING.

Wasp Treatment: Stand a safe distance from the nest. Hold canister in an upright position and aim actuator opening toward nest. Treat nest until wet. Contact as many wasps as possible. Best time to treat is in the evening or early morning when they tend to be in or around the nest. Repeat as necessary.

Yellow Jacket Treatment: Stand a safe distance from the nest. Hold canister in an upright position and aim actuator opening toward nest. Apply with a sweeping motion and contact as many yellow jackets around nest opening. Next, approach nest opening and apply directly into opening for 8 seconds to kill yellow jackets in the nest. This will also repel any yellow jackets trying to return to the nest, and cause them to fly away. Repeat as necessary.

Spider Treatments: Aim actuator at spiders and web and apply. Contact as many spiders as possible. Repeat as necessary.

Questions or Comments:

Call 1-888-326-7233 weekdays, 9:00 a.m. to 5:00 p.m. CST.

Chemical Safety Information:

Call 1-800-535-5053 anytime (InfoTrac Chemical Response System)

VOC compliant in all states.

Storage & Disposal: Store in a cool, dry area away from heat or open flame. When container is empty, recycle if available. If recycling is not available, wrap and place the empty container in a trash collector. Do not puncture or incinerate.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

- **CAUTION:** Harmful if swallowed. Wash thoroughly with soap and water after handling. Avoid contact with eyes. Harmful if inhaled. Avoid breathing spray mist. Remove contaminated clothing and wash clothing before reuse.
- **Physical Hazards:** Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° may cause bursting.

STATEMENT OF PRACTICAL TREATMENT

- **IF SWALLOWED:** Call a doctor or get medical attention. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.
- **IF IN EYES:** Wash with plenty of water. Consult physician if irritation persists.
- **IF INHALED:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention if necessary.
